

C3 Framework Course Alignment

Overview: Explore the [C3 Framework](#) and identify which core discipline standards best align with and support your course.

Instructions:

- State the name of your course title & summarize the content students will cover in this class

Course title:	
Summarize the content students will cover in this course in 3-6 sentences:	

- Skim the Core Disciplines section (pages 29-64) of the [C3 Framework](#), paying careful attention to the standards that are the closest to your class' grade level
- Copy and paste the standards from the four core disciplines that most closely align with your course
- Use the highlight tool to identify 1-2 standards from each of the core disciplines that will be the most important for your students to develop

Discipline	Civics	Economics	Geography	History
