

Powerful pedagogy, made joyful.

An online microcourse platform for inspiring,
practical professional development
made by teachers, for teachers.

Built differently... by design!

Flexible & Accessible

Self-paced, 5-hour microcourses
educators can complete on their own
schedule.

Classroom-Tested Strategies

Each course contains teacher-tested,
research-based instructional strategies
to develop important skills.

High-Quality, Collaborative Design

Skills-based courses co-created through
W&M with teachers, faculty, researchers,
and museum professionals.

Grab-n-Go Resources

Extensive library of planning guides,
student-facing templates, and
classroom-ready resources.

Grounded in Learning Science

Bite-sized lessons, built-in reflection, high-
quality examples, engaging media, and
metacognitive prompts to deepen learning.

Educator Community

Shared insights and case-studies from
practicing educators and school leaders
across the nation and beyond.

Scalable Professional Learning for Today's Schools

- **Flexible PD Pathways** - For individuals, PLCs, teams, schools, or districts.
- **Standards Alignment** - Aligned to national frameworks and adaptable to state standards.
- **Recertification-Ready** - Each course results in 5 hours of PD for licensure renewal.
- **Implementation Toolkit** - Easy onboarding resources and support.
- **Data Transparency** - Clear reporting on user learning and course completion.
- **Classroom Impact** - Designed to support meaningful changes in teaching practice.
