# WAGOLL Study Graphic Organizer

## Level 1

1. Read the WAGOLL like a reader to understand the big ideas.
2. Read the WAGOLL like a writer by asking yourself: How is this piece of writing put together?
3. As you read like a writer, find the "look-for" writing moves provided by the teacher below.
4. Use the graphic organizer to record where you find it, how often you find it in the text, and if you might want to try it in your own piece of writing.

| **Look-Fors:**<br>*(Teacher-provided list of specific writing moves to look for in this WAGOLL)* |
